## COMMENTS

This bill would reestablish an individual taxpayer's ability to make voluntary contributions on their tax return to benefit asthma and lung disease research.

The August 8, 2002, amendments specify that the funds allocated to the Department of Health Services from the Asthma and Lung Disease Research Fund may not be used for that department's administrative costs and that the moneys for the 2000 taxable year must be transferred to the American Lung Association of California. These changes would not impact the department. The remainder of the department's analysis of this bill as amended April 29, 2002, still applies.

## POSITION

No Position. At its March 25, 2002, meeting, the Franchise Tax Board did not reach a majority vote; thus no position was taken on this bill as introduced February 20, 2002.
